THE CHALLENGE

A Market Full of Competition

Pattaya Real Estate (PRE) has been matching buyers with their dream properties on Thailand's Eastern Seaboard since 1995 — over 2,500 happy homeowners and counting. But even the most experienced realtors face the same modern challenge: cutting through the digital noise. PRE needed a trusted platform to amplify their reach and put their listings in front of the right international audience.

02

WHAT WE DID

A VIP Listing, Built for Buyers

Working with PRE, we built a fully optimised **VIP Listing** on Leads4Biz. The profile was crafted with a compelling title — *Property for Sale Pattaya* — clear category placement in Real Estate, strong PRE branding, and a direct link to their site for serious buyers to take action.

The goal: make PRE the first name buyers see when searching for property in Pattaya.

2,908

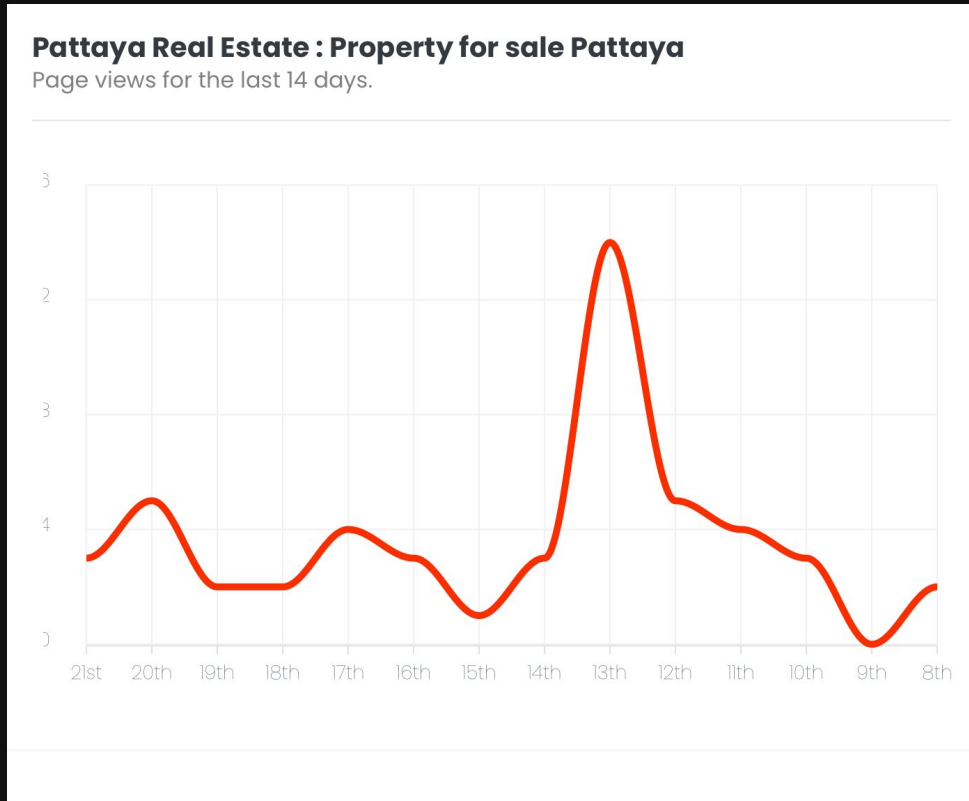

VIEWS GENERATED

The PRE listing became one of the **strongest-performing profiles** in the Real Estate Category — proving that a well-structured listing is a genuine visibility asset.

WHY IT WORKED

04

Credibility Beats the Algorithm

PRE's listing performed so strongly because it combines everything a property seeker actually needs: a trusted brand with 30 years of experience, a laser-focused niche (Pattaya property), and a title that directly matches what buyers are searching for. In a directory, specificity and trust signals are the ultimate conversion tools.

05

Treat Your Listing Like a Landing Page

A directory listing isn't just a placeholder. When properly optimised, it becomes a discovery engine — increasing visibility, building trust, and supporting long-term online presence.

Be Specific

A clear niche outperforms a broad description every time. Own your category.

Brand with Intent

Strong visuals and consistent branding make your listing memorable at a glance.

Make It Clickable

A direct link to your site turns views into real traffic. Don't leave it blank.

I'm very happy with the views and the professional listing page for Pattaya Real Estate with the Leads4Biz VIP Listing.
